System Requirements For Yunio:

In order to use the Minimum System Requirements you need to have an Intel® Core™ i3 processor or better, 4 GB RAM, and DirectX 9 graphics device. The newest hardware is recommended, but if you can't upgrade your PC then try a different browser like Mozilla Firefox, Chrome, or Internet Explorer. (We don't recommend using Internet Explorer for this game!) At Level 1 you can use a slower CPU, 2 GB RAM, and support for older GPUs. At Level 5 you need the fastest CPU and RAM you can find, 4 GB
